

Electric instruments

Nowadays, you can hear a lot of electric instruments in all kinds of music.

Electric guitar

Electric violin

Electric keyboard

Electronic drums

But some people prefer the sound of non-electric, acoustic instruments. Let's look at seven non-electric instruments which are popular in different countries.

The fiddle

This man is playing the fiddle, a popular instrument in Ireland.

strings

The fiddle is a string instrument. It is a type of violin. You can hear the fiddle in traditional Irish music.

Did you know ...?

Sherlock Holmes, the famous detective, played the violin.
