Unit 1 worksheet

Student name: _____

Total mark: _____

Total ___ /20

1 Read the text and write the words.

In many countries, bread is cooked in a mud oven. A fire heats a mud oven, not gas or electricity. When using a new oven, the first fire should be small because a big fire could crack and break the oven walls. The best fires are made with dry wood. Light the fire inside the oven and wait for about an hour until it is very hot. When the oven is at the right temperature, put out the fire. Put the bread directly onto the bottom of the oven to cook.
