Fascinating Fruit

A tomato joke

What is red and goes up and down?
A tomato in a lift.
Ha ha!

Tomatoes

Yes, a tomato is a fruit! It contains the seeds of its plant. Some tomatoes grow on a vine. A vine is a plant that climbs up something, to get more energy from the sun. Tomatoes have got a lot of vitamin C, which is good for you. They are so healthy some people call them a 'superfood'!

Pineapples

A pineapple is not really *one* fruit. It is lots of little fruits. Pineapples grow on a plant similar to a cactus. A cactus is a plant that doesn't need lots of water because it has got leaves which store water. Pineapples have got a lot of vitamin C, which helps keep you strong. A pineapple can help a sore throat.

Amazing fact

A pineapple has the name 'pineapple' because it looks like a pine cone.

Amazing fact

An olive tree can live for over 1000 years.

Olives

An olive is green first, and then it changes to black. Olives grow on an evergreen tree. An evergreen tree is a tree which has got leaves all year. Olives have got a lot of vitamin E, which helps keep your heart, muscles and cells healthy. Olives can help you if you have asthma.

13. Read and say 'True' or 'False'.

- 1 A tomato is bad for your health.
- 2 There is a lot of vitamin C in tomatoes and pineapples.
- 3 If you have got a sore throat, it's a good idea to eat some pineapple.
- 4 Only green olives grow on evergreen trees.

Star Writer

Write to Quest TV.
Tell us about your friend.

Dear Quest team,

This letter is about my friend, Sam. He is my best friend. He likes lots of different fruits and vegetables. He likes peas and mushrooms, but he doesn't like onions. He loves peaches, but he hates pears. When he eats pizza, his favourite toppings are sweetcorn and cheese. My favourite pizza toppings are pineapple and tomato. Yummy!

I hope you like my letter.

Bye, Luke
