#### Extra hints

Mrs. Smith likes to teach vowels, grammar and spelling as well as conversation. She hopes her classes will help her students when they go to study in The USA, UK or Australia.

Khamal wants to be a doctor and so Science is the class he always attends.

Ms. Ivanov works at a museum, so she's busy at the weekends. She likes the fact that her class is later in the week so she can have Tuesdays and Wednesdays resting at home.

Olga has always found numbers interesting, she wants to work as an accountant in the future.
