Lucy24
 What do you know about social networking?
 I'm making a factfile about social networking.
 Can anyone help me with this information?

1 What are the most popular social networking sites?	<i>Bebo, Facebook, MySpace, LinkedIn, Flickr, Blogspot, and Xanga</i>
2 What age groups are social networking sites most popular with?	
3 What types of people like using social networking sites?	
4 What types of people don't like using social networking sites?	
5 Why are online friends different to real friends?	
6 In which social networking sites can you create avatars?	
7 What information do personal profiles contain?	
8 Why do people want to have a lot of friends on social networking sites?	
9 How do users communicate with each other on social networking sites?	
10 How can you stay safe using a social networking site?	

5 Project

Choose a social networking site you are not a member of and prepare a presentation about it. Talk about these things:

- what kind of network it is (social, movies, special interest, virtual reality, etc.)
- special features (avatars, settings, etc.)
- how users communicate (e-mail, chat, posts, etc.)
- the risks (open profiles, searches open to non-members, etc.)
- ways to be safe (age limits, privacy settings, etc.)
- what you like/dislike about it

You can find information at the "home" or "about" page of your chosen website and you can also visit these websites to help you:
