Lesson 7

CLIL

1 Read and answer.

Dry and Wet Places

One of the driest places in the world is the Atacama Desert in Chile, South America. The dry mountains have almost no rain – about 1 mm. per year! But it's much colder than deserts like the Sahara – it can be 0°C at night. The city of Cherrapunji in India is one of the wettest places in the world. There is usually about 11,000 mm. of rain every year. It can rain for two months without stopping!

1 Compare the Atacama Desert and the Sahara Desert. Which is hotter? Which is drier?

2 How much rain falls in Cherrapunji?

2 Use your Student Book research. Complete the World Weather Chart.
