Student A 

<p>1</p>  <input data-bbox="2051 655 2113 715" type="checkbox"/>	<p>2</p>  <input data-bbox="2517 655 2579 715" type="checkbox"/>	<p>3</p>  <input data-bbox="2968 655 3030 715" type="checkbox"/>
<p>4</p>  <input data-bbox="2051 1128 2113 1189" type="checkbox"/>	<p>5</p>  <input data-bbox="2517 1128 2579 1189" type="checkbox"/>	<p>6</p>  <input data-bbox="2968 1128 3030 1189" type="checkbox"/>
<p>7</p>  <input data-bbox="2051 1612 2113 1673" type="checkbox"/>	<p>8</p>  <input data-bbox="2517 1612 2579 1673" type="checkbox"/>	<p>9</p>  <input data-bbox="2968 1612 3030 1673" type="checkbox"/>

How to Play:

Students A and B: Keep your pictures secret.
 Take turns to describe your pictures.
 If the pictures are the same, put a check (✓) in the box.
 If not, put a cross (✗).
 Compare your pictures.

Example:

Student A: *Number one. I have a ball.*
 Student B: *I don't have a ball. I have a computer.*

Student B 

<p>1</p>  <input type="checkbox"/>	<p>2</p>  <input type="checkbox"/>	<p>3</p>  <input type="checkbox"/>
<p>4</p>  <input type="checkbox"/>	<p>5</p>  <input type="checkbox"/>	<p>6</p>  <input type="checkbox"/>
<p>7</p>  <input type="checkbox"/>	<p>8</p>  <input type="checkbox"/>	<p>9</p>  <input type="checkbox"/>

How to Play:

Students A and B: Keep your pictures secret. Take turns to describe your pictures. If the pictures are the same, put a check (✓) in the box. If not, put a cross (✗). Compare your pictures.

Example:

Student A: *Number one. I have a ball.*
Student B: *I don't have a ball. I have a computer.*

Student A Student B 

How to Play:

Students A and B: Find another pair. Shuffle all cards into one pack. Give six cards to each player. Don't show your cards. Student A: Find someone with the same card. Ask a question. If it's the same, keep the pair. Take turns to ask a question. The winner has the most cards.

Example:

Student A: *Do you have a skateboard?*
Student B: *Yes, I do.*
