

Macmillan English 6

Unit 14 worksheet

Teaching notes

Skills and language practised

	Skill	Language
Activity 1	Spelling	age words
Activity 2	Language building	circle the correct age word
Activity 3	Grammar	reported speech
Activity 4	Grammar	reported speech

Follow-up activity

Organise students into groups. Get them to play *Report it!* One student makes a statement in the present tense. The next student reports what the first student says and says something else. The next student reports that and so on.

Example:

Student 1: *I like chips!*

Student 2: *She said that she liked chips. The sky is blue.*

Student 3: *She said that the sky was grey. I'm hungry!*

Student 1: *She said that he was hungry. I make dolls.*

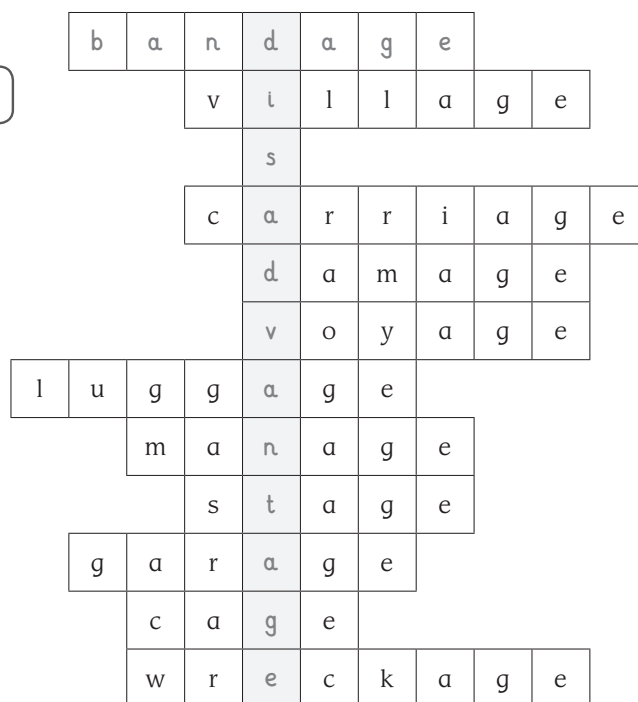

Student 2: *She said that she made dolls. We are talking.*

Answers

1 Complete the *age* words in the crossword.

4 Write five sentences about what Dr Astro said in the interview. 5 marks

Example answers:

Dr Astro said that space rubbish consisted of ordinary litter.

Dr Astro said that it included tools, plastic bags, broken pens and paint.

Dr Astro said that astronauts sometimes threw rubbish out of spacecraft.

Dr Astro said that metal and paint often broke off rockets and satellites.

Dr Astro thought that there were nearly 600,000 pieces of space rubbish.

For each question, award ½ mark for the correct structure and ½ mark for punctuation.
